

BUILD YOUR OWN BARRETT REC7 DI.

DO YOU WANT TO BUILD YOUR OWN BARRETT RIFLE?

The REC7 DI Build Course covers the full assembly process of Barrett REC7 DI rifles over a one-day (8-hr) period of instruction. Barrett in-house armorers will instruct you on the complete assembly and maintenance of your personal rifle. This course also covers dry-fire operation, troubleshooting, repair and operator maintenance procedures. Upon successful completion of the course, each student will be presented with a certificate of conformance for a Barrett factory-built REC7 DI to go along with your personal rifle.

REC7 DI

SHOOTS HOLES IN EVERY EXCUSE

TOUGH, RELIABLE AND WITHIN REACH, THERE'S NO EXCUSE NOT TO OWN THE WORLD'S FINEST CARBINE.

After years of raising the bar on long-range shooting with our 50 caliber, Barrett has now created our next generation AR. We call it the REC7 DI, and, while incredibly light, it carries some truly weighty attributes. A highly customizable direct impingement rifle, the REC7 DI can be adapted to your specific preferences. What's more, in true Barrett tradition, this rifle is hand-built and intensely precise for accuracy that's truly one of a kind. Shoot it thousands of times, drag it through the mud, submerge it in the water; whatever the case, it's built to be reliable for years.

The REC7 from Barrett. Shoots holes in every excuse.

REC7™ DI

REDEFINING THE AR FROM A-Z.

SUPERIOR FIT AND FINISH
Masterfully crafted by Barrett expert technicians.

BOLT CARRIER GROUP
Plated in a super-tough nickel boron finish that eases cleaning and increases reliability.

OVERSIZED CHARGING HANDLE AND RELEASE LEVER
Easily manipulated with mounted optics. The design also aids in the deflection of gas escaping at the rear of the receiver near the shooter's.

HANDGUARD
Lightweight, sleek and perfectly balanced with a fully customizable rail system.

UNIQUE BARRETT GAS BLOCK WITH NUT RETENTION
Easily serviceable by users.

BARRETT MUZZLE BRAKE
Reduces recoil and provides superior control and accuracy.

BARRETT	SERIAL NUMBER	MODEL NUMBER	DATE
SHOOTER NAME	BARREL	TYPE	PRODUCT

ALG DEFENSE™ ACT TRIGGER
Mil-spec reliability and durability with enhanced trigger pull.

CERAKOTE™ CERAMIC FINISH
On all major components applied by a Cerakote™-certified coating technician.

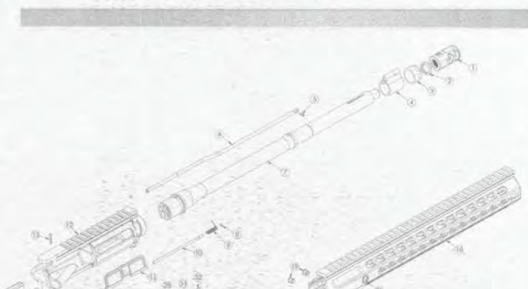

MATCH GRADE STAINLESS STEEL BARREL WITH OPTIMIZED CHAMBER
Chambered, threaded, crowned and quality controlled in-house by Barrett.

MAGPUL™ FURNITURE
Premium mil-spec.
