

THE LEADER IN LONG RANGE

2022 FIREARMS
CATALOG

FOUR DECADES OF ICONIC FIREARMS

The Barrett® name has become synonymous with precision long range, large-caliber firearms. From humble beginnings, to now having products used by more than 70 State Department approved countries, Barrett is also the first father/son team to have each designed a rifle that was adopted by the U.S. Military. The legacy continues as it has for the last 40 years by meticulously designing, innovating, and manufacturing the most highly sought after rifles in the world.

M107A1

ENGINEERED FOR THE WORLD'S TOUGHEST CONDITIONS.

What happens when you combine 40 years of research and development with feedback from the most demanding military end users? You get the M107A1. While it may share the same iconic look and legendary reliability of legacy Barrett firearms, that is where the similarities end.

Utilizing state of the art design, manufacturing, and materials, every component of the rifle has been engineered to be lighter and stronger than its predecessors. In addition to a 4-pound weight reduction, the M107A1 is optimized for use with a sound suppressor, providing a much-needed signature reduction capability to the warfighter. Lighter, stronger, more precise, and more capable; the M107A1 has truly been engineered for action.

AVAILABLE COLORS

- Black
- Tungsten Grey
- Flat Dark Earth

FEATURES

- 1 | Recoil operated, semi-automatic
- 2 | Suppressor-ready bolt carrier and buffer assemblies
- 3 | Accepts Barrett QDL Suppressor
- 4 | 4 lbs. (1.8 kg) overall weight reduction compared to original M107
- 5 | Electroless nickel plating on bolt assembly for reduced wear, maintenance, and added corrosion resistance
- 6 | Lightweight aluminum upper receiver with integral 23" (584 mm) 27 MOA M1913 optics rail
- 7 | 20" (508 mm)* or 29" (737 mm) barrel with chrome-lined chamber and bore
- 8 | Anti-corrosive coatings
- 9 | 10-round steel magazine with cartridge witness indicators
- 10 | Flip up iron sights
- 11 | Modular rear hand grip mounted on M1913 rail accepts lightweight monopod
- 12 | Lightweight adjustable bipod
- 13 | Thermal cheekpiece
- 14 | Recoil pad

MODEL 82A1

THE POWERHOUSE RIFLE.

The Model 82A1 is where the Barrett legacy began. Engineered as the first shoulder fired semi-automatic 50 BMG rifle, the Model 82A1 has been proven in combat in every environment from the snow covered mountains, to the desolate deserts, and everything in between. Its low felt recoil and reliable firepower delivers on target with every pull of the trigger. More than just a rifle, the Model 82A1 is an American icon.

MODEL 95

FULLY LOADED.

The bolt-action Model 95 represents the ideal balance of size and performance. Its innovative bullpup design minimizes overall length without sacrificing ballistic performance or precision of the proven 50 BMC cartridge. Fed from a 5-round detachable box magazine, the combat-proven Model 95 is the pinnacle of simplicity for end users who demand precision, reliability, and power on the range or in the fight.

MRAD

MULTI-ROLE ADAPTIVE DESIGN.

The MRAD® adapts to a variety of needs without sacrificing performance. This bolt-action system continues to define a new class of long-range precision rifles, available in 7 user changeable calibers.

The MRAD® SMR (Single Mission Rifle) is a fixed caliber and stock rifle system built with a specific purpose in mind. The simplified package retains 90% parts commonality with the standard MRAD, and offers the user a choice between the 7 available calibers.

As the USSOCOM and U.S. Army contract winner, the MK22™ is an elite configuration of the MRAD chambered in 300 NM, with the complete kit including conversions to 338 NM and 7.62x51 NATO.

AVAILABLE COLORS

- Black

A black and white photograph of a soldier in full tactical gear, including a helmet and vest, aiming a Barrett REC10 DMR/LR rifle through a window opening in a metal wall. The soldier is looking through the rifle's scope. The rifle is equipped with a large scope, a suppressor, and a bipod. The background shows a cloudy sky.

REC10

GO FARTHER.

The REC10 DMR/LR is the result of years of extensive engineering and exhaustive testing. Every component of these rifles are specifically designed to guarantee the reliability, durability, and precision customers expect from the Barrett name; no corners cut, no detail overlooked.
