LEAD BY DESIGN

Barrett® is synonymous in the industry for its precise, durable, and large-caliber firearms. From its humble beginnings, to having products used by more than 80 State Department approved countries, Barrett stands as the first father/son team to each design a rifle adopted by the U.S. Military. For over 42 years, Barrett has upheld its legacy through deliberate design, innovation, and manufacturing of the world's most highly sought-after rifles. We continue on the path to lead by design.

M107A1

01

02

Lighter, more accurate, and suppressor capable, the M107A1[®] isn't just a continuation of Barrett's legacy, but an expansion upon it. Every component has been meticulously re-imagined, with a four-pound weight reduction and the integration of the Barrett QDL suppressor, the M107A1 is a revolutionary leap forward.

M107A1®

03

04

FEATURES

- 1 | Recoil-operated, semi-automatic
- 2 | Suppressor-ready bolt carrier and buffer assemblies
- 3 | Accepts Barrett QDL suppressor
- 4 | 4 lbs. (1.8 kg) overall weight reduction compared to original M107
- 5 | Electroless nickel plating on bolt assembly for reduced wear, maintenance, and added corrosion resistance
- 6 | Lightweight aluminum upper receiver with integral 23" (584 mm) 27 MOA M1913 optics rail
- 7 | 20" (508 mm) or 29" (737 mm) barrel with chrome-lined chamber and bore
- 8 | Flip-up iron sights
- 9 | Mil-Spec hard anodized base with Cerakote® Black, Tungsten Grey, or Flat Dark Earth finish for enhanced corrosion resistance
- 10 | Modular rear hand grip mounted on M1913 rail accepts lightweight adjustable monopod
- 11 | 10-round steel magazine with cartridge witness indicators
- 12 | Lightweight adjustable bipod
- 13 | Thermal cheek piece
- 14 | Recoil pad
- 15 | Accepts side accessory rails
- 16 | Front and rear sling loops
- 17 | Accepts Barrett tripod adapter mount

MODEL 99

Hunting, competition shooting, or military applications, the Model 99™ is constructed to excel in every category. Built with a rugged, purpose-driven design and minimal moving parts, it delivers unmatched accuracy in a single-shot platform. Chambered in 50 BMG or 416 Barrett, it features an aluminum receiver and a choice between a 29" fluted or 32" heavy barrel. The Model 99 combines long-range precision, minimized recoil, and exceptional reliability in a simplified package.

MODEL 99™

FEATURES

- 1 | One piece aluminum extrusion receiver
- 2 | Easy feed, single-shot
- 3 | Interrupted, buttress-threaded bolt for superior lock up
- 4 | Black Mil-Spec hardcoat anodized base with Cerakote® Black or Flat Dark Earth final finish
- 5 | 13.75" (349 mm) 27 MOA attached M1913 optics rail
- 6 | Match grade 29" (736 mm) fluted or 32" (813 mm) heavy barrel with Chrome-lined chamber (416 Barrett only)
- 7 | Available in 50 BMG or 416 Barrett
- 8 | 3-port high-efficiency muzzle brake
- 9 | QDL suppressor capable when used with QDL Muzzle Brake (sold separately)
- 10 | Rear hand grip accepts adjustable monopod (sold separately)
- 11 | Recoil pad
- 12 | Adjustable bipod

MRADELRL

13

14

Cutting-edge technology, precision engineering, and Barrett's unmatched expertise converge to redefine the world of long-range shooting. As the only commercially available production rifle to place at the 2023 King of 2 Miles and crowned Best ELR Rifle by Ballistic Best Editors Select, the MRAD ELR™ delivers an unparalleled shooting experience in the world of custom built extreme long-range rifles.

FEATURES

- 1 | User-changeable barrels and calibers with tool-less quick-change firing pin and bolt head
- 2 | Electroless nickel plating on bolt head for reduced wear, maintenance, and added corrosion resistance
- 3 | Push button adjustable length of pull
- 4 | Oversized recoil pad with push button height adjustment
- 5 | Fixed stock with modular rear bag rider mounted on M1913 rail
- 6 | Height adjustable, locking polymer cheek piece
- 7 | M-LOK® compatible modular upper receiver
- 8 | Continuous integral 10 MIL top rail, 24.6" (626 mm) length
- 9 | High-efficiency 3-port muzzle brake
- 10 | QDL suppressor capable when used with QDL Muzzle Brake (sold separately)
- 11 | Adjustable single stage trigger module can be removed without tools
- 12 | Oversized trigger guard allows access with gloves
- 13 | Standard MRAD ambidextrous 45° safety
- 14 | 5 round, single stack, polymer magazine
- 15 | Ambidextrous magazine release and relief cut magazine well for quick reloads
- 16 | Accepts standard M4/M16 pistol grips
- 17 | Accepts most standard aftermarket bolt knobs
- 18 | One piece polymer bolt guide acts as dust cover and provides smooth bolt cycling
- 19 | 60° bolt throw
- 20 | Nitride bolt body
- 21 | Type 3, class 2 hard coat anodized base with Cerakote® Black, Tungsten Grey or Flat Dark Earth final finish
- 22 | Match-grade, single point cut, hand lapped stainless steel barrel

MRAD

23

24

Modular, intuitive, and purposefully crafted, the MRAD® gives users the ability to easily interchange barrels and calibers to meet diverse needs. Featuring a fully adjustable folding stock, it is available in eight user-changeable calibers—338 LM, 338 NM, 300 NM, 300 PRC, 7mm PRC, 300 WM, 308 Win, and 6.5 Creed. The MRAD's adaptable architecture and precision-focused design have made it a trusted choice for military, law enforcement, and long-range precision shooters alike.

FEATURES

- 1 | Push button adjustable length of pull and recoil pad height
- 2 | Polymer cheek piece is height adjustable and reversible
- 3 | Lightweight folding stock provides compact mobility
- 4 | Polymer bolt guide acts as dust cover and provides smooth bolt cycling
- 5 | 10 MIL rail
- 6 | Mil-Spec hard anodized base with Cerakote® Black, Tungsten Grey, or Flat Dark Earth final finish
- 7 | M-LOK® compatible upper receiver
- 8 | Match-grade, fluted stainless steel barrels
- 9 | High-efficiency, suppressor-capable muzzle brake
- 10 | 8 user-changeable calibers
- 11 | Relief cut magazine well for quick reloads
- 12 | 10-round, drop free, polymer magazine
- 13 | Ambidextrous magazine release is accessible while maintaining firing grip
- 14 | Oversized trigger guard allows access with gloves

MRAD SMR

Purpose built, efficient, and fixed caliber, the MRAD® SMR (Single Mission Rifle) has been meticulously developed to cater towards specific mission requirements. With an impressive 90% parts commonality with the standard MRAD, it ensures a seamless transition for users familiar with the platform. Offering a thoughtfully curated selection of seven fixed calibers, the MRAD SMR delivers mission-specific performance with the reliability and precision Barrett is known for.

FEATURES

- 1 | Polymer cheek piece is height adjustable and reversible
- 2 | Fixed stock (additional length of pull available with spacer kit)
- 3 | Polymer bolt guide acts as dust cover and provides smooth bolt cycling
- 4 | 10 MIL rail
- 5 | Mil-Spec hard anodized base with Cerakote® Black, Tungsten Grey, or Flat Dark Earth final finish
- 6 | M-LOK® compatible upper receiver
- 7 | High-efficiency, suppressor-capable muzzle brake
- 8 | 7 non-interchangeable calibers
- 9 | Match-grade, fluted stainless steel barrels
- 10 | Beveled magazine well for quick reloads

SUPPRESSORS

35

36

Barrett suppressors excel in noise reduction and recoil control without compromising accuracy. The adaptable design offers seamless integration with a variety of firearms, ensuring shooters can maintain peak performance in any scenario.

AM & AML

Crafted for precision bolt-action rifles, the Adapter Mount (AM) and Adapter Mount Locking (AML) monocoresh suppressors minimize point impact shift without compromising accuracy. The AM338 and AML338 models offer versatile compatibility across various calibers, facilitated by Barrett® AM338 Muzzle Brake Adapters available in 5/8 x 24 and 3/4 x 24 configurations. This adaptability underscores Barrett's commitment to precision and versatility in firearm accessories.

The Barrett QDL suppressor is a cutting-edge firearm accessory that excels in noise reduction without compromising performance. Its modular design seamlessly integrates with the M107A1®, Model 99™*, and MRADEL™*, offering versatility and ease of attachment. Beyond minimizing noise signatures, the QDL suppressor also reduces recoil, providing a comfortable and controlled shooting experience. Backed by Barrett's commitment to quality, this suppressor stands as a testament to innovative firearm technology.
